

Why is there a limit on village permits?

Mt Buller's Village is for pedestrians and vehicles. Village permits are limited by the supply of parking bays. Given the growing popularity of Mt Buller, it is possible that the demand for village permits will exceed capacity. If that occurs, then the RMB will allocate permits as equitably as possible.

Who is eligible to apply?

Applicants must satisfy ONE of the following:

- Be an apartment or parking bay owner,
- Be a current lodge / club member,
- Have leased an apartment or club for the entire season.

For some sites and permit types, other criteria may apply.

What types of permits are there? Permit types vary between sites

TYPE	DESCRIPTION
On-site	<ul style="list-style-type: none"> • Parking bays are located within the specified site boundaries.
Roadside	<ul style="list-style-type: none"> • Parking spaces are located outside specified site boundaries
Access	<ul style="list-style-type: none"> • Allows 30-minute passenger and luggage drop off/collection at a specified site. After drop off, the vehicle must park roadside between Tip Corner and the CSIR ramp or in an overnight car park, as directed by Parking Attendants. • Drivers entitled to complimentary transfers to/from the Village Square during ride share operating hours.
On-site Transferable	<ul style="list-style-type: none"> • Located in a designated and self-contained car park with a managed system of entry and exit (i.e. lockup garage). • The transfer of the permit between vehicles will be the sole responsibility of the permit holder.

Where do I park when in the Village?

Parking is only available in your nominated bay. Vehicles must be entirely contained within the parking bay to avoid obstructing the flow of traffic, snow clearing or waste collection. Parking infringements will be issued to vehicles located in unauthorized bays.

If your allocated parking bay is unavailable or you're an access permit holder, the vehicle must leave the Village and park roadside between Tip Corner and the CSIR ramp or in an overnight car park, as directed by Parking Attendants.

Can I drive around the Village?

No, driving around the Village (shopping, ski school, restaurants for example) is prohibited and infringements may be issued.

Can I provide transport to other guests or their luggage to/from the car park?

No, transporting people or luggage from any car park to the Village or the Village to any car park is prohibited and may result in loss of Permit.

Can I tow a trailer into the Village?

Trailers are not permitted to enter the Village.

Are there any additional requirements for drivers?

Capable of fitting wheel chains and driving safely in snow and icy conditions;
Must adhere to directions by Resort Management staff to fit chains when required
Learner drivers are not permitted to drive in the Mt Buller Village.

What vehicle requirements are there?

- 4WD/AWD vehicle
A minimum ground clearance of 180mm is required plus:
 - › ground clearance must be permanent (air/hydraulic suspension not eligible)
 - › be able to be fitted with wheel chains;
 - › carry diamond pattern wheel chains only
- Tyres suitable for use in snowy and icy conditions experienced in extreme alpine environments:

Mud and snow tyres (with the M + S symbol pictured above)

Snow tyres provide even better traction and are highly recommended (with the mountain/snowflake symbol pictured above)

All terrain tyres (with the A/T symbol pictured above)

If tyres do not have either of these markings, a letter (on letterhead) from a tyre manufacturer or reputable tyre retailer stating the tyres fitted are suitable for use in extreme alpine environments and provide equivalent performance in snowy and icy conditions is required.

The tyres below are not suitable:

Highway Terrain - H/T

Mud Terrain - M/T

Do tyres get checked?

Yes, prior to issuing the permit. Options for tyre checking are advised when a permit has been allocated.

Handy Hints

- * Consider completing a training program on driving in snow and icy conditions.
- * Watch Snowsafe Australia's video on **snow safe driving**.
